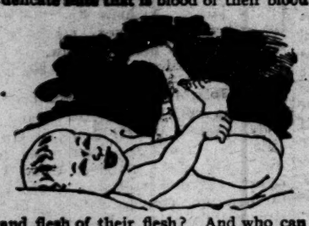
VOLUME CVI.---NO 196. ALEXANDRIA, VA., SATURDAY EVENING, AUGUST 19, 1905. PRICE 2 CENTS.

No joy or pleasure on this earth quite equals that which comes into the home when baby arrives. Who can describe the happiness of man and woman, joined in wedlock, as they look upon the fragile, delicate babe that is blood of their blood



and flesh of their flesh? And who can depict the hopelessness and dejection that hover about the home where the wife is incapable of becoming a mother? Barrenness proceeds from some derangement of the distinctly feminine organs. Many of the common ailments known as "female troubles" cause it. Dr. Pierce's Favorite Prescription overcomes barrenness by stamping out diseases of women, and by healing and curing ulceration. It tones up the system, stops drains, and restores strength. During gestation it modifies morning sickness, gives elasticity to the overstrained parts concerned, makes the hour of baby's coming short and almost painless, and gives wonderful recuperative power to the patient. By making the mother strong and cheerful, it makes the little one healthy, vigorous and good natured. Insist upon the medicine dealer giving you Dr. Pierce's Favorite Prescription when you ask for it. Substitutes are often dangerous.

Mrs. James W. Blacker, of 629 Catherine St., Syracuse, N. Y., writes: "Your medicines have done wonders for me. For years my health was very poor; I had four miscarriages, but since taking Dr. Pierce's Golden Medical Discovery and 'Favorite Prescription' I have much better health, and now I have a fine healthy baby."

For 21 one-cent stamps to cover cost of mailing *only*, you can get a free copy of that celebrated doctor book, the Common Sense Medical Adviser, 1008 pages, illustrated. Cloth-bound, 31 stamps. Address Dr. R. V. Pierce, Buffalo, N. Y.

WONDER OF SCIENCE.

Biology has Proved that Dandruff is Caused by a Germ.

Science is doing wonders these days in medicine as well as in mechanics. Since Adam lived, the human race has been troubled with dandruff, for which no hair preparation has heretofore proved a successful cure until Newbro's Herpicide was put on the market. It is a scientific preparation that kills the germ that makes dandruff or scurf by digging into the scalp to get at the root of the hair, where it saps the vitality; causing itching scalp, falling hair, and finally baldness. Without dandruff hair must grow luxuriantly. It is the only destroyer of dandruff. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

WEAK HEARTS

are caused by Indigestion. If you eat a little too much, or if you are subject to attacks of Indigestion, you have no doubt had shortness of breath, rapid heart beats, heartburn or palpitation of the heart.

Indigestion causes the stomach to expand—swell, and puff up against the heart. This crowds the heart and interferes with its action, and in the course of time the heart becomes diseased.

Kodol

Dyspepsia Cure

digests what you eat, takes the strain off of the heart, and contributes nourishment, strength and health to every organ of the body. Cures Indigestion, Dyspepsia, Sour Stomach, Inflammation of the mucous membranes lining the Stomach and Digestive Tract, Nervous Dyspepsia and Catarrh of the Stomach.

After eating, my food would distress me by making my heart palpitate and I would become very weak. Finally I got a bottle of Kodol and it gave me immediate relief. After using a few bottles I am cured.
MRS. LORING NICHOLS, Penn Yan, N. Y.

I had stomach trouble and was in a bad state as I had heart trouble with it. I took Kodol Dyspepsia Cure for about four months and it cured me.

STATUS OF NEGOTIATIONS.

The substance and present status of the Japanese terms are as follows:

One—Russia's recognition of Japan's "preponderant influence" in Korea, with her right to preserve order in the civil administration, give military and financial advice to the Emperor of Korea, Japan finding herself to observe the territorial integrity of Korea and (it is believed) the policy of the "open door." Accepted.

Two—Mutual obligation to evacuate Manchuria. Accepted.

Three—Japanese obligations to restore in Manchuria Chinese sovereignty and civil administration. Accepted.

Four—Mutual obligation to respect in the future "the territorical integrity and administrative entity" of China in Manchuria and to maintain the principle of equal opportunity for the industry and commerce of all nations ("open door"). Accepted.

Five—The cession of the Island of Sakhalin to Japan. Refused and final consideration deferred.

Six—The surrender to Japan of the Russian leases of the Liaotung peninsula, including Port Arthur, Danly and the Blonde and Elliott Islands. Accepted.

Seven—The surrender to China by arrangement with Japan of the branch of the Chinese Eastern Railroad running south from Harbin to Port Arthur and Niuchwang, together with the retrocession of the privileges obtained under the concession of 1898. Accepted in principle; final agreement deferred.

Eight—The limitation of the concession obtained by M. Rothstein and Prince Uhktomsky in 1896, under which the "cut-off" through northern Manchuria was built to connect the trans-Siberian and the Ussurri railroads, so as to provide for the retention of the ownership and operation of the line by the Chinese Eastern, but with the provision for the eventual substitution of Chinese imperial police for Russian "railroad guards." Accepted.

Nine—Remuneration for the cost of the war. Rufused and action deferred.

Ten—The surrender of the Russian warships interned in neutral far Eastern waters. Disagreement and action deferred.

Eleven—The limitation of Russia's naval power on Pacific waters. Deferred.

Twelve—The grant to the citizens of Japan of the right to fish in waters of the Russian littoral from Vladivostok north to the Bering Sea. Accepted.

Infernal Machines.

As was stated in the Gazette, two small infernal machines were sent to prominent New Yorkers yesterday. Jacob H. Schiff, the banker, who early yesterday morning conferred with M. Witte, the chief Russian peace plenipotentiary, concerning the condition of the Jews in Russia, was the target of the more dangerous of the machines, a contrivance capable of causing death. The other was received by M. Guggenheim's Sons and was directed to the office of the American Smelting and Refining Company.

Mr. Schiff was absent from the city, being at Bar Harbor. The banking firm of Kuhn, Loeb & Co., of which he is a member, received by mail a wooden box about six inches long addressed to Mr. Schiff and marked as if coming from Edward VII. It was immediately turned over to the police, although at first regarded as a joke. Grave reports from expert testers at the Bureau of Combustibles, however, quickly suggested that the sender might have had other motives than pleasantry. The police began an immediate investigation.

Removal of the box's wooden cover disclosed only an innocent package wrapped in some paper bearing stock quotations, but inside was a contrivance arranged, at the least rough handling, to discharge two cartridges loaded with 32-caliber bullets and packed about with lead slugs.

The affair was inclosed inside a cylinder of emery paper, tightly sealed with cotton, and containing 31 grains of highly expolosive powder and matches. The matches were placed so as to be ignited by the emery paper and then to touch off the powder. To insure the firing of the cartridges by the powder flash the fulmination end of each one had been filed to make a small fuse hole. The entire machine was soaked in an oily substance apparently to doubly insure a dangerous explosion.

The other infernal machine, identical in size and general make with this one, was received by M. Guggenheim's Sons in a package which bore on the outside in stamped letters the name of Jacob H. Schiff. The name stood alone, with nothing to explain its presence there. This machine differed from the Schiff explosive only by containing, in place of the cartridges, a phial filled with some substance thought to be nitroglycerin or sulphuric acid. The receiving clerk at Guggenheim's Sons placed the package in water. Soon it exploded sufficiently to tear open its wrappings and to disclose an emery-paper cylinder.

This explosion was thought to come from gases generated by the soaking. The working parts of the machine, however, remained intact, except that the water so soaked them as to render a determination of their original power difficult.

Agonizing Burns

are instantly relieved, and perfectly healed by Bucklen's Arnica Salve. C. Rivenbark, jr., of Norfolk, Va., writes: "I burnt my knee dreadfully; that it blistered all over. Bucklen's Arnica Salve stopped the pain, and healed it without a scar." Also heals all wounds and sores, 25c at E. S. Leadbeater & Sons druggists.

Truths that Strike Home

Your grocer is honest and—if he cares to do so—can tell you that he knows very little about the bulk coffee he sells you. How *can* he know, where it originally came from, how it was blended—or with what—or when roasted? If you buy your coffee loose by the pound, how *can* you expect purity and uniform quality?

LION COFFEE, the LEADER OF ALL PACKAGE COFFEES, is of necessity uniform in quality, strength and flavor. For OVER A QUARTER OF A CENTURY, LION COFFEE has been the standard coffee in millions of homes.

LION COFFEE is carefully packed at our factories, and until opened in your home, has no chance of being adulterated, or of coming in contact with dust, dirt, germs, or unclean hands.

In each package of LION COFFEE you get **one full pound** of Pure Coffee. Insist upon getting the genuine. (Lion head on every package.)

(Save the Lion-heads for valuable premiums.)

DR. MOFFETT'S TEETHINA (TEETHING POWDERS)

Cures Cholera Infantum, Diarrhoea, Dysentery, and the Bowel Troubles of Children of *Any Age*. Aids Digestion, Regulates the Bowels, Strengthens the Child and MAKES *TEETHING EASY.*

Costs Only 25c at Druggists, or mail 25c to C. J. MOFFETT, M. D., St. Louis, Mo.

Mother! Hesitate no longer, but save the health and life of your child, as thousands have done, by giving these powders. TEETHINA is easily given and quickly counteracts and overcomes the effects of the summer's heat upon teething children.

A Warning to Mothers.

Too much care cannot be used with small children during the hot weather of the summer months to guard against bowel troubles. As a rule it is only necessary to give the child a dose of castor oil to correct any disorder of the bowels. Do not use any substitute, but give the oldfashioned castor oil, and see that it is fresh, as rancid oil nauseates and has a tendency to gripe. If this does not check the bowels give Chamberlain's Colic, Cholera and Diarrhoea Remedy and then a dose of castor oil, and the disease may be checked in its incipiency and all danger avoided. The castor oil and this remedy should be procured at once and kept ready for instant use as soon as the first indication of any bowel trouble appears. This is the most successful treatment known and may be relied upon with implicit confidence even in case of cholera infantum. For sale by Gibson & Timberman and W. F. Creighton & Co

AND VIRGINIA ADVERTISER

SATURDAY EVENING, AUG. 19, 1905.

TO ALL appearances, there are only two persons—the Emperors of Russia and Japan—who can break the deadlock on the peace negotiations. The conference has adjourned until Tuesday, when it is thought one or the other of these rulers will have spoken the word which will mean either peace or more bloodshed. Russia has assented to eight of the 12 Japanese principles, and it seems her envoys cannot, under their instructions, yield the other four. The negotiations have reached an extremely acute stage, and many who had believed peace to be in sight are growing apprehensive. Japan seems to be unyielding in her demands, and from all that can be seen at present any compromise on the part of the latter is unlikely. The claim to the Island of Saghalin, the delivery to Japan of interned warships, the curtailment of the Russian naval force in the far East and the payment of an enormous indemnity are conditions which the Czar but naturally hesitates to accept, and his stand should cause no surprise. The Russians declare to the world that Saghalin in the hands of the Japanese would not only seriously cripple Russia, but that its possession by the Mikado would be a menace to the world. The Russians also say that Japan's claim to historical and national rights to the island are not warranted. The Japanese, they say, are seeking to profit by their present success to completely and definitely assure their supremacy in the far East. Sakhalin in their hands means Vladivostok, Russia's sole and insufficient base on the Pacific, at the mercy of Japan. Vladivostok could be attacked from three sides. Russia would no longer have the possibility of resisting Japanese encroachments. At her bidding she would be compelled to withdraw from her position in the Orient. Japan's claim to Sakhalin is easily comprehended. But the Russians observe that it is impossible to understand the lack of foresight of America, France, and even England, which do not seem to realize the impending and far-reaching consequences.

AN ARTICLE in another column, taken from the Lexington News, shows that Governor Montague did not appeal to most voters in that portion of Virginia during his recent crusade, and that Alexandria was not the only place where the would-be Senator failed to impress the people with "his peculiar fitness" for the seat in the United States Senate now so ably filled by Thomas S. Martin. The criticism of the paper referred to is doubtless just. The main song the people of Virginia have heard is the strange assumption that the Governor is a superior man to the junior Senator. It made many laugh at ths outset and the dream has been dissipated wherever Mr. Martin has appeared, as such assumption has succeeded in bringing out the latter's true worth. This fact is recognized more than ever before, as the article elsewhere in the Gazette, taken from the Petersburg Index-Appeal, shows.

THE Interstate Commerce Commission gave out this week interesting statistics in reference to the railroads of the United States by which it is shown that the casualties during the year ended June 30, 1904, numbered 94,201. The persons killed numbered 10,046, and the injured, 84,155. This is a much greater sacrifice of life than occurred during the Spanish "war" and seems entirely without warrant, taking into consideration the numerous safety devices now used on railroads. But the criminal carelessness of the employes is the true cause of half the accidents that occur in this country, and until these men are held responsible before the law for manslaughter, conditions, it is feared, will not soon improve.

IF THE President has decided, as reported from Oyster Bay, to send Edwin H. Conger, of Iowa, back to China as special commissioner to smooth out the boycott troubles, Mr. Conger will have the laugh on Iowa Senators, who refused to help him in his fight for retention as an Ambassador to Mexico, and also on the State Department, while officials have been trying for a couple of years to secure his retirement from the diplomatic service. Mr. Conger's return to China would also be a serions reflection on his successor at Peking, Minister Rockhill, and might lead to the retirement of that official, who has been a special pet of the State Department.

THE DATE of the primary election is drawing nigh and but few will regret when it has passed. For some months politics has absorbed considerable attention and when it is realized that after the primary nearly three months will elapse before the general election, many people become weary of political talk. It is true that the democratic nominations are equivalent to election, but the talk and discussion will go on and this grows tiresome.

MR. J. D. ROCKEFELLER is taking the Kneipp cure, walking barefooted through wet grass, as a last resort to restore his health. He may not be cured but his example will be followed by many who imitate rich men, no matter what the latter do.

From Washington.

[Correspondence of the Alexandria Gazette.]

Washington, D. C., August 19.

Men from Richmond and other Virginians here today say there is no doubt whatever that Senator Martin will win in next Tuesday's primary election in their State and that so well founded is this belief that many of Governor Montague's friends admit it. They also say that Mr. Swanson is still in the lead for the governorship, though Judge Mann has cut into his vote to some extent, though not enough to beat him. Many Virginians are leaving here already for their homes to vote on Tuesday and others will go tomorrow and on Monday.

The recent change in the Newport News Custom House, by which several official democratic employes were reduced both in pay and standing, and republicans appointed in their places is said to be a sharp political scheme. Democrats here say it is by no means certain that any notice will be taken of Collector J. E. B. Stuart's arbitrary action by the Civil Service Commission, for the reason that following so close upon the adjournment of the republican convention at Roanoke, it is a good guess that Secretary Shaw was consulted before the changes were made, as he was there and no doubt winked at the game. Be this so or not, Congressman Maynard will make the most of it, and try to correct the injustice done civil service employes. Secretary Shaw being an avowed presidential aspirant, is out for the goods, and Congressman Slemp will do all he can to assist him, and civil service regulators will not be allowed to get in the way The call for Collector Asa Rogers' resignation and the removal of a deputy collector in Richmond have caused some gossip around the hotels where politicians are wont to gather. What it all means no one seems to know. Democrats say Col. Slemp has no more idea of being successful in Virginia than if he were in Texas or Mississippi. He wants the Virginia delegation for Leslie M. Shaw, and this he expects to get through patronage. Talking to a prominent Virginia republican today, who is also a very discerning and observant man, he was asked as to the J. E. B. Stuart matter, and in reply he said he knew nothing about it, or no more than other persons; but he thought if there was any Shaw politics in it Oyster Bay would be heard from, and General Jeb. Stuart's son would receive from Mr. Loeb, the private secretary of President Roosevelt, a letter similar to that received by Gen. Asa Rogers, or perhaps something more drastic.

Col. J. S. Mosby has just returned from Oklahoma where he has been on business connected with the land office. He says he knows nothing of a book entitled "War in Virginia, by Col. John S. Mosby," that a Chicago firm is advertising by circulars that it will soon issue.

A movement has been started among the officers and men of the Pacific squadron looking to the erection of a monument to the memory of the seamen who lost their lives in the recent disaster on the Bennington off San Diego, Cal.

Secretary Wilson of the Department of Agriculture has received a communication from Assistant Attorney General McReynolds, of the Department of Justice, to whom was referred the case of Prof. Geo. T. Moore, to the effect that he has found no grounds for a criminal prosecution of Dr. Moore. The latter was the algologist and physiologist of the Bureau of Plant Industry of the Department of Agriculture and was allowed to resign, after it has become known that he had certain relations with a nitro-culture concern of Westchester, Pa., the product in question being a scientific discovery of Dr. Moore and prepared under the auspices of the Department of Agriculture.

Today's Treasury statement is: Receipts, $1,718,577; expenditures, $2,180,000.

Secretary Wilson, of the Department of Agriculture, decided today that the next cotton crop report shall be issued on the 5th of September, instead of on the third of the month, as is customary. The third of September falls on a Sunday; the next day is labor day, and the report was therefore postponed until the 5th.

The rifles tournament to be held at Sea Girt, New Jersey, from August 24 to September 9, inclusive, will bring together some of the finest marksman in the country.

Chairman Shonts, of the Panama Canal Commission, was in New York today closing arrangements for the installation of a cold storage plant on the steamship Mexico, one of the commission's two vessels now on the New York-Colon service. The other ship, the Havana, already has a cold storage plant. It is proposed to carry perishable foods by means of refrigerator steamers and cars all the way from New York to Panama and to the stations on the isthmus.

Information for Voters.

To avoid confusion we publish the following extract from the State primary law, as adopted by the last democratic convention: "All democrats participating in any primary election shall thereby be considered as binding themselves to vote for the nominee or nominees in the coming general election."

In reference to a question that a vote in the forthcoming primary would bind every voter to support the entire democratic ticket in the regular election to follow, the following official letter bearing on that point is important:

Virginia State Democratic Committee,
Richmond, Va., August 15, 1905.

Hon. T. N. Williams, Clarksville, Va.:

My Dear Sir—In reply to your inquiry I beg leave to say that if a judge of election has any doubt about the intention of a voter to support the nominees of the primary, he has the right to ask the question as to whether he will do so before permitting him to vote.

Yours very truly,
J. TAYLOR ELLYSON,
Chairman.

Victim of Automobile Accident.

Buffalo N. Y., Aug. 19.—Web Jay the Cleveland auto racer, who ran into the fence at the Kenilworth race track, late yesterday, has a fighting chance for life. This is the statement given out this morning by Dr. Roswell Park, attending physician. Dr. Park says Jay's skull may be fractured, but that if so, it is not the injury that causes the most concern. The immediate danger, says Dr. Park, lies in the injury to Jay's left side. "But," added the Doctor, "I have seen many men with worse injuries get well."

Mrs. Fannie Hamner, 32 years old, died at her home in Baltimore yesterday from an over dose of pennyroyal. Mrs. Hamner was born in Virginia, but had made her home in Baltimore for seven years. She is said to have been divorced.

Senator Wm. A. Clark, of Montana, was offered $25,000,000 in cash by an English syndicate not long ago for the United Verde copper mine, and refused it, because he did not know what to do with the money and because it yields an income of $600,000 a month. He bought it in 1888 for $26,800.

It is said that if suspicious of fradulent importations of Cuban tobacco be sustained, the government, it will be shown, has been swindled out of hundreds of thousands of dollars' worth of revenue. The Treasury Department is now investigating the charges, and either an expose or an explanation will be forthcoming in a short time.

After paying her assiduous court for more than a year, it is alleged, during which he several times promised to wed her, Annie Hubbel, a village belle of Metuchen, N. J., caused the arrest of her faithless lover, Lambert Edmonds, of Plainfield, N. J., this morning. Edmonds is married and lives with his wife and three children. He is a boss plumber employed by the Central Railroad. He was locked up in default of bail.

POLITICAL.

The campaign for the United States Senate and governorship will close Monday night. Martin and Mann will speak at Boydton and Chase City, Willard will hold a grand rally in Richmond, for which gigantic preparations are being made, and Montague will be given a grand reception in Lynchburg the same night. Mr. Swanson is the only candidate for whom Monday's date is still open. Congressman Swanson's friends gave him a rally at the Academy of Music in Richmond last night. The house was packed with an enthusiastic crowd, and the speaker was cheered many times. His denunciation of the Mackey charges was made in fiery language. Mr. Swanson had the sympathy of his audience and established the claim of a large and strong following in Richmond.

Senator Martin last night spoke at the Academy of Music in Petersburg to an audience of about 1,000 people, a large number of whom were ladies. He was introduced by Hon. William B. McIlwaine, who said he always voted for Senator Martin, and that there was no part of his legislative career that gave him more genuine satisfaction and none that has more benefited the people of this district than his earnest, zealous, and enthusistic support of Senator Martin. Senator Martin spoke for two hours, and was very severe in his criticism of the political career of Gov. Montague. At the close of his speech Senator Martin was tendered a social session at the Elks' Home by Petersburg Lodge of Elks.

Lieut. Gov. Joseph E. Willard addressed large audiences at Sterling, Round Hill, and Leesburg, Loudoun county, yesterday, in the interest of his candidacy for governor of Virginia. He was welcomed with frequent applause.

Accident to Automobile.

Webb Jay, of Cleveland, was probably fatally injured at Kenilworth Park, near Buffalo, N. Y., yesterday, in the ten-mile automobile race. At the three-quarters of the fourth mile, Jay's machine crashed through the fence, down an embankment of fifteen feet, and into a pond of water. What caused the accident is not known. It is believed, however, that Jay was blinded by dust, and steered into the fence. He was driving about a mile a minute when the accident happened.

Jay was racing with Lyttle and Burman. At the three-quarters turn Jay was third, and the dust cloud of the other two cars hung over him. Just at the three-quarters the track has been banked with dirt taken from the excavation, which has left a deep hole just beyond the fence. Heavy rains have transformed the hole into a deep pond.

Just as Jay rounded the turn his car crushed through the fence, down the fifteen-foot embankment, and into the water. Jay, unconscious, would have been drowned had not two spectators sitting on the fence near by gone to his rescue and dragged him out. He was taken to the German Hospital, where it was found that nine ribs were broken, one of his lungs is punctured, and his right femur is fractured. Pneumonia and pleurisy will set in within twenty-four hours, and if he survives them he may live, the surgeons say.

Jay's car lies submerged in the pond, only the gasoline tank being above water. No examination of it can be made to learn if the tires burst.

In addition to his more serious injuries, Jay was badly cut and bruised about the body and head.

Burman and Lyttle continued racing until the seventh mile before they discovered that Jay was injured. They stopped, and the race was called off.

Drys Win at Asbury Park.

In an informal election yesterday the residents of Asbury Park by a vote of 409 to 401 decided against the proposition to issue licenses to hotels to sell liquor. As the election was taken only to ascertain the popular sentiment on the liquor question the result is not binding on the Common Council, which, it is believed, will proceed to pass an ordination creating a license commission. The matter of determining the legality of selling liquor in the city will thus be left to the courts.

New York Stock Market.

New York, Aug. 19.—It looks like an off day in the stock market. The tone this morning has been heavy, but relieved by a few temporary advances.

Mrs. Victoria Franklin Arrington, widow of Mr. John Arrington, a gallant Confederate soldier, died Thursday at her home in Lynchburg of typhoid fever. She was 73 years old.

It is expected that the death list from the drawbridge wreck near Norfolk may reach 100. Some progress was made yesterday in extricating the bodies of the dead from the submerged cars.

Miss Bettie H. Payne, daughter of the late George Payne, died at the home of her brother-in-law, J. E. Jett, near Stafford C. H., Friday, after a short illness of bilious cramp. She was 40 years old.

Taylor Griffin, of Culpeper, was dangerously cut with a razor Thursday night by Sisson Roach, in an altercation on the street. Griffin was unarmed. Roach was refused bail by Mayor Bell, and while being taken to jail made his escape from between two officers, but was recaptured after an exciting race and safely lodged behind the prison bars.

At Norfolk yesterday Hon. Harry St. George Tucker, former congressman and dean of the law school of the Washington and Lee University, was elected president of the Jamestown Exposition Company, to succeed the late Gen. Fitzhugh Lee. His selection was unanimous and no other candidate was placed in nomination. In the event that Mr. Tucker accepts the presidency, it is thought that he will at once go to Europe to visit the different countries in behalf of the exposition.

Montague's Speech.

The speech of Montague here Monday was characteristic. The report in the County News is, we believe, a correct one, and is as full as our space will permit. We invite examination, for it illustrates the man, and accounts for the reason that, with his oratorical gifts and the slowness with which Martin's real worth has dawned upon the people of Virginia, he has not a greater hold upon the people in this contest. He opened his address with the statement that he was present to argue in behalf of things far more important than the interests of the Junior Senator or himself. Now of what did that speech really consist? Apart from a covert attack upon our form of representative government, which has stood for nearly a century and a quarter to the admiration of the world and the welfare of our people, and a reference to the dangers from great aggregations of wealth, it was throughout nothing but a special exparte plea to promote his own election to the United States Senate. He began with a patent misstatement. He did not come here to argue about anything but came to make an appeal for popular support for high office, and this policy of sophistry and misstatement was carried on throughout the speech. Our opposition to him has been based on the belief which this emphasizes, that he is a man false in heart, in fibre and being, and possessed of but one purpose wherever he appears, and that is a consuming ambition to further his lust for power and place.

The bent and purport of this highly clever address was to pose as the champion of the people and thus get their support. He simply repeated the practice of cheap demagogues known from the earliest time. In contrast with him Martin stands in a way to elevate himself in public esteem and confidence.—[Lexington News.

Senator Martin's Speech.

Senator Martin last night addressed the largest political meeting that has gathered at the Academy of Music since the days of readjustment, and it is no exaggeration to say that his speech was incomparably the best that has been heard there during the present campaign, and one of the best that has ever been delivered in that building which has resounded to the oratory in the past of Virginia's ablest and most distinguished speakers. The speech was calm, dignified, logical and argumentative, plentifully interspersed with genial humor and biting sarcasm, but in no instance did it transgress the bounds of parliamentary courtesy or descend to the level of offensive personalities. If any one in that vast audience, composed of the finest examples of the refinement and intelligence of this community, ever labored under the error that Senator Martin was not capable of clear, logical and eloquent speech, surely such person is now thoroughly disabused of his error. Whatever credit may be due to Mr. Montague for having introduced Mr. Martin to the people of Virginia as a popular orator, there can be no doubt of the fact that he has much reason to regret the introduction, and the people have more reason to thank him for having discovered to them one of the best popular speakers in the State, if not the very best. The ovation given Senator Martin here yesterday was one that any man in the United States might be proud of.—[Petersburg Index Appeal.

Arrest of Jews.

Odessa, Russia, Aug. 19.—The police arrested twenty-six Jews at Jalta while they were holding a meeting in a house in Tchernomorska street. The purpose of the meeting, it is claimed, was to discuss plans for blowing up the winter residence of the Czar at that place.

Fraud Exposed.

A few counterfeiters have lately been making and trying to sell imitations of Dr. King's New Discovery for Consumption, Coughs and Colds, and other medicines, thereby defrauding the public. This is to warn you to beware of such people who seek to profit through stealing the reputation of remedies which have been successfully curing disease, for over 35 years. A sure protection, to you, is our name on the wrapper. Look for it, on all Dr. King's or Bucklen's remedies, as all others are mere imitations. H. E. Today's Telegraphic News

The Peace Conference.

Portsmouth, N. H., Aug. 19.—President Roosevelt has not ceased his efforts in behalf of peace. Fearing that the envoys of Russia and Japan were about to record a final divergence of opinion, and break off negotiations, he has sought an interview with Baron Rosen, the junior Russian plenipotentiary, who is also the Czar's Ambassador to the United States.

Considerable excitement was created late last night by the appearance in the hotel lobby of Assistant Secretary of State Peirce, who has been placed by the President in charge of the arrangements for the entertainment of the distinguished peace envoys. It was half an hour before midnight, when Mr. Peirce dashed up to the hotel in an automobile and hurried straight to the telegraph office. His manner was agitated. He was handed a telegram which had been waiting personal deliverd for two hours. Telephone messages had been sent in every direction during the time to find him, one of which was finally successful in locating him at York Harbor, several miles away.

Immediately upon learning the contents of the dispatch Mr. Peirce went to the rooms of M. Witte, the chief Russian plenipotentiary, with whom he was closeted until after midnight. Upon his return to the telegraph office he dispatched a lengthy telegram to Oyster Bay. As he was preparing to leave the hotel he was surrounded by a score of newspaper men, who hurled anxious inquiries at him. "I can say nothing," he replied to their interrogations, "the matter is purely confidential." "Does it relate in any way to the peace negotiations?" he was asked. "I decline to state," replied the Secretary with some heat. "I distinctly object to being pumped. What I can make public I give you, but I object to this unfair questioning." He then left the hotel and was hurried away in his automobile. That Secretary Peirce was agitated was not surprising. The message that had been awaiting him these hours was from the President of the United States instructing him in the performance of a delicate and confidential mission. It was brief, but to the point. It directed him to invite M. Witte, Baron Rosen, or some member of their party, to visit Oyster Bay during the recess of the peace conference that he might take up with his visitor a subject bearing directly thereon.

Portsmouth, N. H., Aug. 19.—Baron Rosen left here at 7:30 this morning for Oyster Bay, in response to the President's invitation. He will arrive in New York city at 3 o'clock this afternoon and proceed at once to Sagamore Hill.

Portsmouth, N. H., August 19.—The Japanese envoys have recommended to their emperor that the original peace demands be modified. They have asked for premission to offer concessions to the Russian plenipotentiaries when they meet again next Tuesday. This message was sent to Tokio last evening, immediately after the return of Baron Komura and Minister Takahira from the conference of yesterday afternoon. In that conference and through the long discussion of the two Japanese articles which were under consideration yesterday, they learned the Russian ultimate position. Their dispatch to Tokio, therefore, was based upon exact knowledge of the situation.

The Russian envoys remained at the conference hall for an hour after the Japanese plenipotentiaries had departed for the purpose of conferring over the preparation of advices to the Czar informing him fully of the events of the day. It is understood that their message also contained a suggestion that if peace were to come from these negotiations, it would be necessary for Russia to relax determined opposition to the recognition of the principle of indemnity.

Taggart Charges Dismissed.

Wooster, O., Aug. 19.—Judge Eason today, in the Taggart divorce trial, dismissed Captain Taggart's charges implicating Lieutenant Rietser and Clinton Spencer, a business man of Chicago. This was on a motion of Mrs. Taggart's attorneys. He refused to dismiss the complaint against Col. Miner, Lieutenant Fortescue, Captain Davis and "Billy" Taggart. The deposition of Captain Louis Bass, who is accused by Augustina de la Cruze and Taggart with indiscretions at Manila, was read today. He says:

"I first met Captain Taggart in 1897, and Mrs. Taggart first in Manila on July 4, 1901. I knew neither intimately. I knew Mrs. Taggart simply as the wife of a brother officer. As nearly as I can recollect, I called at the Taggart house but four times during their stay in Manila When I first met Captain Taggart in Manila, he asked me to call and I called afterwards as a matter of courtesy. There was no intimacy between me and Mrs. Taggart, and none would have been possible. I never saw her alone, under circumstances that would make any confidences or intimacy possible. I never witnessed any indiscretion on the part of Mrs. Taggart and never heard of any."

Denying directly the affidavit of de la Cruz, Bass declared it was false in every detail. On cross examination Bass denied he ever played poker for money with Mrs. Taggart, and denied that she ever visited him at his quarters.

No Negro Soldiers for Georgia.

Atlanta, Aug. 19.—The State Senate today passed a bill abolishing all the negro militia in Georgia and depriving all present and retired negro officers of their rank. The bill has already been passed by the House, and will be signed by the Governor immediately.

The negro troops are abolished because of the general belief that they are a useless expense, and would do more harm than good if called out for active duty. The bill provides that the negro troops be mustered out immediately. It was fought by members of the negro militia on the ground that it was legislation against the negro because he is a negro. It had the approval, however, of the highest officers of the white militia. It is probable that Georgia will as a result lose the Federal appropriation under the Dick bill.

The Candidates' Claims.

[Special Dispatch to the Alexandria Gazette.]

Richmond, Aug. 19.—With the campaign practically over, all the candidates for Senator and Governor are claiming the State with apparent confidence.

Gov. Montague claims 20,000 majority and 70 counties. Senator Martin's claim is even higher and his friends say he is sure of victory.

Messrs. Swanson, Willard and Mann all claim the State, but they are chary about making figures.

While there is an air of confidence about the various headquarters, it is mixed with some unessiness and no candidate seems absolutely sure of the result.

Yellow Fever.

New Orleans, Aug. 19.—There were about 20 more new cases of yellow fever reported in the country parishes yesterday, and in the city 62 cases and 8 deaths were reported. Dr. Thomas Stark reports from Thibadeaux that the condition at Leville, La Fourche parish, is not bad, as most of the cases are dengue fever. The population of Leville is about 1,000. It is an oyster fishery on the gulf coast. Mosquitoes there are about as numerous as they could be anywhere. Preparations are being made for the general sulphur fumigation beginning at 10 o'clock tomorrow morning. One trouble in the movement is the announcement by a prominent manufacturer that sulphur will ruin pianos. Altogether there have been 1,282 cases of fever and 188 deaths from the disease in the city.

New Orleans, Aug. 19.—Sixteen new cases of yellow fever and two deaths from the disease were reported up to noon today.

Jackson, Miss., Aug. 19.—Dr. William Krauss, the Memphis yellow fever expert, who was sent to Starville diagnose the suspicious case reported at that place by Dr. Eckford, yesterday, pronounces the case malarial hematuria.

Jackson, Miss., Aug. 19.—Surgeon Wasden of the Marine Hospital service notified the board of health today that a rigid house to house inspection is being made at every town along the Gulf Coast and thus far no suspicious case has been discovered. No new cases have developed at Mississippi city today.

The Czar's Proclamation.

St. Petersburg, Aug. 19.—The Czar's ukase granting the popular assembly, the terms of which were telegraphed in these dispatches to the United States yesterday afternoon, was not known in St. Petersburg until 11 o'clock this morning. The Official Messenger made its appearance on the streets at that time, containing the proclamation. The newspapers, so far, have offered no comment on the plan for the assembly. In liberal circles disappointment is felt because of the purely consultative function of the assembly. It is regarded as a great victory, however, to think that the Czar has granted as much as the ukase contains. There is a feeling that the powers of the general douma will grow rapidly until it will possess legislative initiative and control of the finances of the country. The liberals have agreed to remain quiet until the douma meets and they will then be guided in their actions by the course of events. The Zemstvoists, however, have arranged to hold another congress at Moscow, when they will examine the ukase. The Governor General of Moscow has declared that he will not permit the congress to assemble.

Aged Bridegroom's Nuptial Gift.

Bethlehem, Pa., Aug. 19.—"I have given upward of 30 houses already to my children and have a dozen left, but I will build a fine new home to be your wedding present." Venerable Squire George Applegate yesterday sealed the promise with a kiss on the lips of his bride, Mrs. Augusta Wahl, a fair widow of 50, a minute after the Rev. A. D. Thaeler had pronounced them man and wife at the bride's humble home yesterday afternoon.

'Squire Applegate is 87 years old, as chipper as a college chap, and is quite wealthy. He met Mrs. Wahl about a fortnight ago. She had provided delicious meats for a dinner party, and he sent for her, told her he admired her cooking and talked marriage the next day. 'Squire Applegate has already distributed property valued at more than $100,000 to his three children.

Steamer Aground.

Bath, Me., Aug. 19.—The steamer Ranson D. Fuller, of the Eastern Steamship Company's line, Captain Charles A. Blair, leaving Boston at six o'clock last evening, ran aground in the fog on the Reach, a mile below Bath, at 7 o'clock this morning. The boat listed badly and a panic was threatened until the officers assured the passengers that there was no danger. A. S. Davenport, a well-known furniture dealer of Boston, who was a passenger on board the steamer, was taken off in his private yacht, the Alicia. The 600 passengers were taken off by the steamer Wiurna and the tug Adelia has gone to the assistance of the Fuller and an effort will be made to float at high tide this afternoon.

Marriage Declared Off.

Madrid, Aug. 19.—In an interview today with the correspondent of the Publishers' Press Dr. Macho, who is the physician of the Bishop of Sion, private chaplain to the royal family, said: The proposed marriage of King Alfonso and the Princess Patricia of Connaught was declared off at the time Alfonso visited London. King Edward appointed two physicians as members of Alfonso's suite with instructions to study Alfonso's physical condition. These physicians reported that Alfonso was suffering from phthisis and showed signs of insanity. Acting upon this report, King Edward broke off the negotiations for the marriage.

Cheated the Gallows.

St. Louis, Mo., Aug. 19.—In the presence of the "death watch" and in sight of the jail guards and others, Lambert Niehaus cheated the gallows by taking his own life in a cell of the city jail this morning. He used an ordinary penknife, with a blade three inches long. Three times he thrust the knife into his abdomen, and finding that it did not bring instant death, he drove the steel into his heart just as deputy sheriff Eisleban and deputy Howard leaped at him. Death was instantaneous after the last thrust and he fell back to the iron floor. Jailor Dawson has ordered an investigation to ascertain how the murderer obtained the knife. The condemned man had just a few minutes before the tragedy been turned over to the custody of the deputy sheriffs by the jailer. Niehaus was to die on the gallows Monday next, for the brutal murder of his brother-in-law, Thomas Fleugel, in a saloon, December 20, 1903.

Jolly's Body Recovered.

Portsmouth, Va., Aug. 19.—One more body, that of W. H. Jolly, of Greenville, N. C., was recovered today from the wreck of the Atlantic Coast Line railway excursion train which went through an open drawbridge near this city, last Thursday. Jolly was the promoter of the excursion. His body was badly mangled. A satchel which he carried containing $480, the receipts of the excursion, is at the bottom of the river. The navy department has consented to allow the Atlantic Coast Line Railway the use of a 120-ton floating derrick attached to the Norfolk navy yard, in raising the engine and submerged cars.

Protest from Panama.

Panama, Aug. 19.—The French, Spanish and German Transatlantic lines, also the Chilean and Pacific steamship lines, have entered a protest because the movement of merchandise across the isthmus is blocked, notwithstanding the promise of American officials to keep traffic open while the canal is being constructed.

Panama merchants are also up in arm. They resent the plan of the Panama Canal Commission in bringing in supplies and foodstuffs, here, for the canal employees, and the merchants threaten to boycott American products.

Brazilian Cruiser on Fire.

Plymouth, Eng., Aug. 19.—The Brazilian cruiser Benjamin Constant, off this harbor, is on fire in her main hold. The naval authorities at Davenport have sent vessels to her assistance. The Benjamin Constant has just set signals that the fire is gaining headway, notwithstanding the efforts of the crew to get the flames under control.

After two hours work the flames were extinguished, the magazine was flooded as soon as the fire was discovered and prevented an explosion. No estimate of the damage has yet been made.

Jews and Russian Loan.

Discussing in the Jewish Chronicle of London M. Witte's interview with the Jewish bankers at Portsmouth, Stuart Montagu Samuel, M. P., a nephew of Sir Samuel Montagu, the banker, says:

"The Jewish bankers undoubtedly have lost large sums of money by their refusal to participate in the recent financial operations of the Russian Government, but no mere consideration of personal profit weighs with them. The fact is they refuse to have anything to do with a government that persecutes their co-religionists on account of their religion."

Mr. Samuel says that he was much impressed with M. Witte, whom he interviewed in St. Petersburg, and concludes:

"I am not without hope that the position taken by the Jewish banking houses here and in America may not be without effects."

Two attempts were made last night to blow up Canfield's place, at Saratoga, N. Y. Fortunately nobody was hurt.

TO THE VOTERS.

On Tuesday next the people of Alexandria city and county will be called upon to cast their votes for a Delegate to the Legislature. Mr. James R. Caton, who has faithfully and efficiently represented the city and county during the past few years, is a candidate for re-election. His arduous labors during a critical time in the State's history (following the adoption of a new constitution) have been justly appreciated by his constituents, and that he should be returned to his post is the conviction of those who have at heart the true interests of this district. There is much yet to be done in readjusting the State's affairs to comport with the new order of things, and the services of a man of experence are especially to be desired now. A man ripe in experience and of legal ability should represent Alexandria until the State shall have settled down into its normal condition, and Mr. Caton's services are particularly desirable at this time. The next legislature will be composed of strong and able men and Alexandria's representative should be among the foremost debaters and workers of that body.

VOTERS.

The Only Way.

There is no way to maintain the health and strength of mind and body except by nourishment. There is no way to nourish except through the stomach. The stomach must be kept healthy, pure and sweet or the strength will let down and disease will set up. No appetite, loss of strength, nervousness, headache, constipation, bad breath, sour risings, rifting, indigestion, dyspepsia and all stomach troubles that are curable are quickly cured by the use of Kodol Dyspepsia Cure. Kodol digests what you eat and strengthens the whole digestive apparatus. W. F. Creighton & Co., 401 King street.

The Firemen.

The Virginia State Firemen's Association ended its three days' session in Harrisonburg yesterday with racing contests between the hose companies which had been in attendance. The events were interesting and exciting, but no new records were established.

In the racing limited to State companies the Eagle Engine Company, of Newport News, won first prize over eight other competitors in 30 seconds. The prize was $100 and the custody of the silver trumpet put up by the association. It has to be won twice in succession to become a permanent trophy. Front Royal captured second honor, going through the required performance in 31 3/5 seconds. The reward was $50. The Staunton company made the distance in 36 seconds, and Company No. 1, from Covington, in 33 seconds.

In the free-for-all race there were 10 companies, and Lexington came out of the contest with first honors and a prize of $100. Time, 31 seconds. The squad from Front Royal, which got second place in the State affair, came in second again in this event and was presented with $50. The time was 33 3-5 seconds. Antietam Company, No. 2, of Hagerstown, Md., made the third best time, :34 4-5 seconds. Newport News was next, in 35 2-5 seconds, and Woodstock in 36 seconds. The time of the other companies was not announced.

The Harrisonburg Daily News of yesterday says:

"The Hagerstown boys won out by a narrow margin over the Reliance Company, of Alexandria. Both had 45 men each, the former organization having an up-to-date drum corps and the latter the Naval Band."

The Alexandria firemen who attended the convention returned home on the Southern Railway about ten o'clock last night. They were welcomed by a large crowd, included in which were city officials and representative citizens generally. Music and red lights animated the depot and vicinity, as well as the streets over which the firemen passed. As was announced yesterday, committees of the Relief, Reliance, Columbia and Friendship companies, as well as the Fire Wardens, were at the depot to welcome the returning firemen.

A procession, headed by the Naval Gun Factory Band, was then formed with C. L. Pickin as chief marshal, the members of the committees following in carriages. The route of march was down Duke street to Patrick, out Patrick to King, down King to Royal, out Royal to Cameron, down Cameron to Fairfax, out Fairfax to Prince, up Prince to the Relief truck house.

All along the line of procession the firemen were greeted with cheers and fireworks added to the scene. At each of the engine houses refreshments were awaiting the members and for a time the midsummer dullness of Alexandria was interrupted. Those who attended the convention are enthusiastic in their praise of the hospitable treatment by the people of Harrisonburg, and express themselves as delighted with their experience. The arrangements for their reception in this city were under the direction of Mr. W. L. Hoy.

After the parade a banquet was given the members of the reception committee at the Elkton which was much enjoyed by all who participated.

The Market.

The market was again abundantly supplied this morning with country produce. Prices had undergone no marked change from those of last Saturday. Butter sold at 25a30c a pound, eggs 22a25c a dozen, chickens 50c to $1.20 a pair, cabbage from 3c a head up, potatoes 6c a quarter of a peck, corn 12c a dozen, egg plants 3a10c each, carrots 10c a quarter of a peck, blackeyed peas 10c a quart, onions and beets 2c a bunch, or three bunches for 5c. There was a fair supply of fruit on the benches. Fox grapes sold at 40c a bucket, apples were nominal, cantaloupes 3a15c each, crabapples (of the size of cherries) 10c a quart, peas 10c a quarter of a peck, garden grapes 8 a pound, peaches 20c a quarter of a peck, damsons 20c a quarter of a peck. Saltwater trout was the only species of fish on the benches. Some were large and fine. They brought 10c a pound. Beef sold at from 10 to 20c a pound, veal 12a20c, mutton 12a20c and pork 15a16c. Smoked and salted meats were unchanged in quotations, although the market for such is said to be firm. There was a fine display of flowers on the benches this morning.

Charged With Book-making.

Detectives visited the offices of Lynn & Wall, in the Adams Building, on F street, near Fourteenth, Washington, yesterday afternoon, it being alleged that bets on the races were being accepted at the establishment. A quantity of memoranda said to be used in book-making was seized. The acting manager was placed under arrest, afterward being released on bond for $500. Others in the offices at the time were taken to police station No. 1, where they were questioned by acting Lieut Sullivan, and their names recorded, after which they were released. A warrant was issued for Arthur B. Wall, the president of the Maryland Telegraph Company, who is said to be the head of the firm of Lynn & Wall. Wall was at his home in Baltimore, and when notified, said he would be present in Police Court today.

To End in Phlox.

The hull of the old naval steamboat Phlox, which has been lying at Dean's boatyard, at this place, ever since she was dismantled about two years ago, has been taken to a point on the Maryland side of the river, opposite this city, where she will be wrecked to obtain the metal in her timbers. The hull being sound, it was kept intact with the expectation of converting it into a barge, but this idea has now been abandoned and she will be destroyed to obtain the copper with which she is fastened together. The old hulk is, it is said, to be saturated with oil and set on fire as the quickest and cheapest way of obtaining the metal in her. The fastenings, being of copper, cannot burn, and can be sifted from the ashes after the conflagration.

The Potomac and Old Dominion teams have been dropped from the league.

Car Overturned.

The rear car of north bound passenger train No. 40 of the Southern Railway was overturned at Somerset, on the Charlottesville and Rapidan division, early this morning. The coach, which was known as a "dead-head" car, contained no passengers, and no one was injured. A wrecking train was sent from this city and the overturned car was soon replaced upon the rails. No. 40 was delayed in arriving here in consequence of the accident which is supposed to have been caused by the falling of a brake beam.

Baptist Convention.

The Alexandria delegates to the Potomac Baptists Association, which met at Ebenezer Church, in Loudoun county, this week, have returned. Waterford was selected as the next place of meeting and Rev. Dr. Fisher, of this city, will preach the associational sermon. The next will be the fiftieth annual meeting of the association.

Prompt Arrest.

Officer Roberts at the station house today received a telephone message asking him to look after a black mare and a no-top buggy which had been stolen at Jackson City this morning. Within an hour Officer Roberts had recovered the horse and buggy and arrested two colored men who were seated in the vehicle. They gave their names as George Walker and Hezekiah Leftwich, and were locked up. The authorities in Washington were notified of the arrest. It appears that the horse was hitched at Jackson City and the two men, who happened to be passing by, quickly took possession of the team.

Cleaning the City.

Street workmen are busily engaged in cleaning alleys and other places which have recently become foul. Others with boys are cleaning certain streets. The Washington Southern Railway Company recently readjusted the planking alongside of their tracks on Henry street which has added to the accomodations on that street.

Dropped the Bag.

A man carrying a bag, supposed to contain plunder from a railroad car, was seen hurrying down Cameron street late last night. He apparently became frightened and, dropping the bag, started to run, but soon returned, recovered the same and disappeared in the darkness.

THE SEVENTIETH REGIMENT.

Good fellowship, delightful weather, beautiful women, plenty of good cheer, sweet music and "poetry of motion" distinguish the encampment of the Seventieth Virginia volunteers.

A splendid ball was given at Brunswick Inn, Waynesboro, Thursday night, which was largely attended by both officers and men of the regiment. Many ladies of the military were serenaded by the Stonewall Band at the Hotel Brandon. There was a dance at the Brandon yesterday evening, followed by a special banquet tendered the officers. Colonel Anderson was toastmaster. Several toasts were proposed, but were not responded to: President of the United States, United States Army and Navy, regulars and volunteers.

The following toasts were responded to; United States Instruction Camps, by Colonel Dempsey, United States army; standing toast to Colonel Dempsey, by Colonel Anderson; The Seventieth Regiment, by Colonel Anderson; standing toast to Colonel Anderson, by Lieutenant-Colonel Perry; Shenandoah Valley; Its Welcome and Its Promise, by Lieutenant-Colonel Perry; The Chaplain, by Lieutenant L. Cleveland Hall, and last but assurdely not least, The Wives and Sweethearts of the Seventieth by Captain Skipwith. A most elegant spread was served, and all had an enjoyable time.

The men are kept fully occupied at the camp with drills and practical instruction. As there are but four men in the hospital, and they have minor ailments, the surgeon has plenty of opportunities to loaf.

General Nalle left yesterday for his home in Culpeper, well pleased with the fine showing of the regiment. Every afternoon crowds of ladies from Basic and Waynesboro witness dress parade.

Conduct of the men is excellent, and many courtesies are extended them by the neighboring people.

Perfection Mosquito and Fly Canopies.

Why be annoyed by mosquitos and flies when it can be prevented by a very small expense and no trouble?

We call special attention to the fact that the "Perfection" 5-coil canopy springs have been THOROUGHLY TESTED in tension, action, power and endurance, and found that they will lift any grade new net to a perpendicular position against the head board, and will also undergo the strain of being fastened down, day and night, continuously for many months without showing signs of weakness, when properly adjusted. They are small in diameter; noiseless in operation; look neat and pretty; are not clumsy nor in the way; are strong and durable, and the most perfect canopy springs ever put on the American market.

Made in all sizes and can be adjusted to either metal or wood beds.

Have us put one up for you, and after one week's trial if not entirely satisfactory we will take it down and refund your money.

Negroes as Strikebreakers.

"The Chicago Strike and Negro Labor" with a plea to negroes who are used as strike breakers to make this recognition of their labor value a key to enter the ranks of respected labor instead of cause of their industrial ostracism, was the subject of a speech delivered in New York yesterday at the National Negro Business League's convention by S. Laing Williams, of Chicago. He said in part, referring to the Chicago teamsters' strike.

Out of the 6,000 men imported as strike breakers, 700 only were colored men. As soon as these men reached Chicago a test was made of their strength of character. Under the leadership of Curry, the strike breaker several hundred of them paraded the streets with no weapons for their defense except walking sticks. Bricks, shoes, stones, and everything possible were hurled at these negro workers. But these men who were considered cowards, marched with heads erect and firm step with no signs of fear. A leading banker told me that the conduct of the negro men amazed him. Some firms for which these negroes worked declared that after the strike was over they would not employ any except negro teamsters hereafter. The teamsters' strike in Chicago has demonstrated that the negro who is called to do difficult work, under difficult conditions, is every inch a man It should be the determination of this league to see to it that the men who must toil with their hands shall not be allowed to drift and become the victims of organized labor's contempt or the easy tool of selfish and soulless capital."

It was decided to hold the next convention of the league at Atlanta, Ga.

John Wanamaker addressed the convention, telling the negro business man that their success had no dependence on this color. He said in part: "The very existence of this business league is to me an indictment against exploitation of progress by chance, favoritism, or sympathy. You cannot afford to stop for a single minute in order to become the wards of the nation. The great dream that you were to be lifted and carried has been exploded."

Grave Trouble Foreseen.

It needs but little foresight, to tell, that when your stomach and liver are badly affected, grave trouble is ahead, unless you take the proper medicine for your disease, as Mrs. John A. Young, of Clay, N. Y., did. She says: "I had neuralgia of the liver and stomach, my heart was weakened, and I could not eat. I was very bad for a long time, but in Electric Bitters, I found just what I needed, for they quickly relieved and cured me." Best medicine for weak women. Sold under guarantee by E. S. Leadbeater & Sons, druggists at 50c a bottle.

The prompt results produced by Chamberlain's Colic, Cholera and Diarrhoea Remedy together with its pleasant taste have won for it a place in many households. Mr. W. T.
